To whom it may concern

As Kitchens Manager at The University of Edinburgh, one of the first decisions I made, was to install Mark Murphy & Partner Ltd as our preferred Fruit & Vegetable Supplier. As they are part of the TUCO Procurement Framework and having used the company previously, I was confident that they could look after the business here, and since we changed over in October 2013 they have been an excellent supplier to The University.

The change over process itself was seamless, and although there are daily challenges within the business here, the team at Mark Murphy do their utmost to ensure we are given a fantastic service.

Due to the variety of units within the University, some of our kitchens are looking for specific items, seasonal products and delivery slots, all of which Mark Murphy have not only met, but have exceeded.

The essential criterion to this though, is the product, and Mark Murphy supplies us with a high standard of fruit & vegetables, throughout the year which is always consistent and reliable.

The professionalism they show daily, combined with their flexibility and ability to deal with any issues, large or small, ensure that I would have no hesitation in recommending them to a business as a future supplier

Yours Sincerely

Gordon Dochard

Kitchens Manager
